Forensic Technical Sales Executive
Salt Lake City, Utah

ABOUT SORENSON FORENSICS

Quality

Our laboratory is equipped with the most advanced instrumentation for serological screening and forensic DNA analysis providing a streamlined throughput while maintaining unparalleled DNA quality. Our data package has excellent ease of review that can be tailored to a client's specific needs.

Reliability

Our scientific team has never missed a 60-day turnaround time deadline for outsourced DNA casework. A 10 and 15 day turn around time service is also available. We have a highly sophisticated in-house Laboratory Information Management System (LIMS) to monitor all specimens through the entire laboratory process, ensuring complete chain of custody.

Experience

Our forensic team has decades of public and private forensic laboratory experience. Our analysts are highly experienced with all aspects of forensic DNA testing, including interpretation of complex mixtures, Y-STR analysis, Mini-STR analysis and mtDNA Sequencing.

FORENSIC TECHNICAL SALES EXECUTIVE JOB DESCRIPTION

Plan and execute the sales, marketing, technical service and customer service activities throughout the assigned region in North America to achieve sales objectives. This position is responsible for developing and maintaining outstanding customer service by being engaging, friendly and technically knowledgeable at all times; developing relationships with state and local crime laboratories to determine their outsourcing casework and validation needs; developing relationships with police departments and criminal attorneys to determine their forensic DNA and training needs; and serving as liaison between the client and Sorenson Forensics' technical staff.

MINIMUM QUALIFICATIONS

Bachelor's degree in biology, chemistry, forensic science or related area.
Must be willing to travel 30% of the time.

PREFERRED QUALIFICATIONS

Two or more years of experience working in a laboratory performing forensic DNA casework (or) two or more years of successful sales of company services or products.
