

*December 30, 2013*

## American Society of Crime Lab Directors Crime Lab Minute

### General Announcements

#### President's Message

#### Get ready for Webinar #3

Remember to please consider joining your colleagues for ASCLD's webinar on Wed Jan 8, 2014: Partnering with your Customers and Stakeholders featuring John Collins. Updated reminders with current links will be forwarded in the coming week.

**We need your feedback by no later than January 10th!**

To date, we've heard from about one third of you. As you may recall from the last symposium, we discussed some proposed language changes and realized that we needed to do a better job of understanding the viewpoints of the members, hence, the survey. Please, if you haven't done so already, take a few minutes to share with us your thoughts.

The link for the survey

is: <http://questionpro.com/t/AGGeDZQb9c>

#### ASCLD Leadership Academy

Thank you for responding to Jeremy's announcement. So far, we've had a tremendous response which indicates that we're on the right track. If you or your line supervisors or managers are interested, please get your applications in soon!!

[ASCLD Leadership Academy Registration Announcement.pdf](#)

There's more information on the new Leadership Academy page on the ASCLD website at

<http://www.asclcd.org/academy>.

Have a Great New Year!

#### Call for Posters!!

The deadline for submitting abstracts for posters and workshops has passed, but there is still time to submit one for a poster. The theme for this year's meeting is "The Efficiency of Quality". If you've got an idea for a poster, please download the form below and return by **March 1, 2014**.

[2014 ASCLD Symposium Abstract Form](#)

#### Speaking of the meeting

The planning committee still has room for volunteers. Your degree of participation can be very flexible with opportunities ranging from working a shift at the registration table to running the meeting's plenary session. How much time you commit is up to you! If you're interested, please contact President Elect Mills at [brady.mills@dps.texas.gov](mailto:brady.mills@dps.texas.gov).

#### Symposium Details...

In the next couple of weeks, we will be releasing the registration information for the Scottsdale meeting. Suffice to say, we're excited about having the membership come together again and are looking forward to an amazing conference. If you have any questions, please contact Brady Mills at [brady.mills@dps.texas.gov](mailto:brady.mills@dps.texas.gov).

We will be electing new members to the Board of Directors at the business meeting to be held at the Symposium. If you or

Jay Henry  
ASCLD President

## This Week's Forensic Metric: 68

The median turn-around time in days (68) for a DNA report with the timeline defined as beginning at the date of the first submission of evidence to report submission. This information is derived from those laboratories who participated in the 2011-2012 FORESIGHT program.

## Vendor Sponsors

GC/MS/MS Speed, Sensitivity, and Selectivity Beyond Comparison

Triple quadrupole GC/MS/MS has emerged as a powerful technique for trace-level analysis of drug residues. Shimadzu's GCMS-TQ8030, providing exceptional sensitivity, selectivity, and specificity for detection and quantitation of targeted drugs in the presence of background interferences, is the most powerful choice for your toxicological applications.

Key features include:

- MRM and simultaneous Scan/MRM acquisition modes
- Ultrafast 600 MRM transitions/sec
- True scan speed of 20,000 u/sec
- Fully optimized collision energy for each MRM transition
- Single software platform for all Shimadzu GCMS
- Front-access source for easy maintenance

**Calibrate, Inc.** founded the pipette calibration industry in 1983 and remains North America's leader in the business. No one knows pipettes better. ISO 17025 Accredited since 2004 (by the American Association of Laboratory Accreditation, or A2LA, a signatory to the ILAC MRA), our focus is on quality.

We work nationwide and in eastern Canada, either on-site or in one of our three mail-in laboratories.

Pipette service is available for all makes and models of pipettes as well as bottle-top dispensers and pipet-aids. We offer an extended warranty on all parts and labor, and are known for delivering high quality work and excellent customer service. We solve problems. It was for these reasons that we were recently chosen by Business Leaders magazine as a 2009 Business Champion.

Visit us on the web at

[Criminalistics Manager, Police Laboratory](#),

developed with the support of ASCLD/LAB, the North Carolina District Attorney's Association and the National Association of Prosecutor Coordinators. This course is designed for legal professionals who interface with scientific experts and/or present scientific evidence in courts of law. The course provides information about how accredited crime laboratories control quality, ensure the reliability of results, and work to maintain a high level of customer satisfaction and confidence in the reliability of laboratory services. It is recommended, but not required, that users have taken the course; An Introduction to the Crime Laboratory - Understanding its Role and Purpose before attempting this course.

By the end of this course, you should be able to:

- Evaluate the work of a scientific expert
- Name the two types of scientific analyses
- Name the international body that governs crime laboratory accreditation
- Recognize authoritative documents and court rulings critical to forensic science
- List five warning signs signaling problems in a crime laboratory

If you know of a legal professional who may be interested in taking this course, please direct them to: <https://www.forensiced.org/training/viewcourse.cfm?moduleid=fdf2f9c6-4d9e-4e7c-a6fd-c5301474a49d>. In some states, this course has been approved for 1 hour of CLE and MCLE credits (<https://www.forensiced.org/training/clestates.cfm?cid=1128152721>).

NYPD, New York, NY, Expires: January 6, 2014  
[Manager – Case Management, Training and Professional Development Section](#), NYPD, New York, NY, Expires: January 6, 2014  
[Tenure Track Faculty Position in Forensic Biology](#), Indiana Univ Purdue Univ Indpls (IUPUI), Indianapolis, IN, Expires: December 31, 2013

## Conferences

February 17-22, 2014: American Academy of Forensic Sciences in Seattle, WA. See <http://www.aafs.org/aafs-66th-annual-scientific-meeting> for more information.

April 6 -14, 2014: International International Association for Chemical Testing (IACT) in Newport, CA. See <http://www.iactonline.org/> for more information.

May 3-8, 2014: ASCLD Symposium at the Doubletree Resort, Paradise Valley in Scottsdale, AZ, See <http://www.asclid.org/meetings-list/> for more information.
