The Mission of the Sheriff’s Office is Conserving the Peace Through Values Driven Service.

The Washington County Sheriff’s Office is recruiting for a Forensic Unit Supervisor. The Forensic Unit Supervisor plans, organizes, and supervises the activities of a team of forensic science professional staff who process, collect, store, and analyze crime scene evidence in criminal investigations. This position reports to the Investigations Division Lieutenant and must be able to work irregular hours to respond to crime scenes during off-duty hours.

This position must successfully pass a comprehensive background investigation and possess a valid driver’s license with an acceptable driving record.

Successful candidates will possess:

1. A master's degree in forensic science, biology, chemistry, physics, pharmacology, quantitative analysis, computer science, or related field; and four (4) years experience in a professional-level forensic science position; or

2. A bachelor's degree in forensic science, biology, chemistry, physics, pharmacology, quantitative analysis, computer science, or related field; and six (6) years experience in a professional level forensic science position.

One of the years of experience must include supervisory or leadership experience. Experience and training within a law enforcement setting including some combination of latent fingerprinting, forensic/analytical laboratory work, data recovery, photography, or evidence processing is preferred.

Washington County offers their employees a collaborative culture and a comprehensive benefits package. For more information on this position and to apply online, please visit our Human Resources page at www.co.washington.or.us, or our Human Resources Division at:
