

President Message

Greetings Colleagues,

With this week's CLM we are providing you with critical information in advance of the 43rd Annual ASCLD Symposium being held in Bellevue, WA. Included in this edition are the ASCLD Board of Directors Candidates, New Member Candidates, and the 3-2-1 Bylaws proposal. All of these are for the membership's consideration in advance of the annual business meeting which will be held on April 28, 2016.

If you have not registered for the annual symposium, please do so now at <http://www.ascldsymposium.com/>. President Elect Jeremy Triplett and the ASCLD Symposium Planning Committee have developed a full agenda all centered on Inspired Leadership. This is a critical aspect of successful leaders in today's organizations and crime labs are no exception. Not only is it a demanding time for our employees and our stakeholders, it is also incredibly challenging for everyone in a leadership position to navigate these demands in a very trying economic and political climate. Attending this symposium will enable today's forensic leaders to increase their skillset to address today's challenges while inspiring excellence and quality. I am looking forward to seeing everyone in Bellevue!

Warm regards,

--Jody

Next Board Teleconference: April 8, 2016

3-2-1 Bylaws proposal language:

SECTION 2. ELIGIBILITY & COMPOSITION

Eligibility for nomination and election to the Board of Directors includes the following three requirements:

- ASCLD Regular Membership for 3 years
- Attendance at two ASCLD Symposia as a Regular Member
- Volunteer service on one committee or at one event.

The Board of Directors shall consist of twelve (12) regular Directors, elected from the regular members of the Corporation. In addition, there shall be, two (2) non-voting ex-officio Directors, one (1) who shall be the

Executive Director of the Corporation and one (1) who shall be the immediate past President of the Corporation. If the immediate past President of the Corporation has not completed their full four year term of service on the board at the completion of their term as President, they shall retain their voting rights for their full four year term. No two regular Directors of the Board of Directors shall be from the same business, corporation or agency.

The membership will vote on this proposed bylaw change at the upcoming symposium in Bellevue, WA.

If you have not already registered for the symposium, the deadline for the Early Registration pricing is rapidly approaching (March 24)!!

The deadline for applications under this funding opportunity is April 6. [Review the solicitation.](#)

Forensic Science Policy & Management Volume 7, Issues 1-2 are now available at www.tandfonline.com/toc/ufpm20/current. New articles include “American Roundtable: Women in Forensic Science”, “The Intelligent Use of Forensic Data: An Introduction to the Principles”, “Swedish Legislation Regarding Forensic DNA Elimination Databases”, and “Applying the Theory of Constraints to Improve Throughput in a Forensic Laboratory”. Access to the journal comes free with your ASCLD membership. At the journal website, look for the “Sign in” at the top of the page.

The journal is looking for submissions from professionals, academics, scholars, and policy makers from science, law, and government. Information for authors can be found by clicking “Submit” at the left of the journal webpage. Questions about the journal can be sent to max@forensicintelligence.us or siegel.jay@gmail.com.

[Scholarship Opportunity](#)

Do you know a student who is in the process of obtaining a degree related to the field of forensic science and may need financial assistance? If so, ASCLD’s annual scholarship solicitation is now open and accepting applications. The annual award is in the amount of \$1000.

Please reach out to prospective applicants as soon as possible as the due date (April 15) is quickly approaching. The application can be found on the ASCLD website <http://www.asclcd.org/nominations/>

Eligibility

Applicants must be a junior or senior in a baccalaureate program or a graduate student (masters or doctorate) at an accredited university who is pursuing a degree in forensic science, forensic chemistry, a physical or natural science. Applicants from FEPAC accredited programs will be given additional consideration. High school students or college/university students in their freshman or sophomore years

will not be eligible for application. As the scholarship program was created to provide opportunity to students intending to enter the forensic field, scholarships will not be granted to current forensic science laboratory employees pursuing graduate degrees.

Selection criteria

- Award recipients will be selected on the basis of:
- Overall scholastic record
- Scholastic record in forensic science coursework
- Motivation or commitment to a forensic science career
- Personal statement
- Faculty/adviser recommendation

Research Reports

These research reports have been submitted by the National Institute of Justice (NIJ) especially for their relevance to crime laboratory activities. ASCLD has not reviewed nor does it necessarily endorse the findings of this research.

Funding Opportunity: Sexual Assault Forensic Evidence-Inventory, Tracking, and Reporting Program

The National Institute of Justice is seeking proposals for the Sexual Assault Forensic Evidence-Inventory, Tracking, and Reporting (SAFE-ITR) program. The program will fund States, units of local government, and tribal governments to implement an evidence management program to inventory, track, and report untested and unsubmitted sexual assault kits (SAKs). The deadline for applications is May 31.

Funding Opportunity: Paul Coverdell Forensic Science Improvement Grants Program

The National Institute of Justice is seeking proposals for the Paul Coverdell Forensic Science Improvement Grants Program, which awards grants to States and units of local government to help improve the quality and timeliness of forensic science and medical examiner/coroner's office services. Among other things, funds may be used to eliminate a backlog in the analysis of forensic evidence and to train and employ forensic laboratory personnel, as needed, to eliminate such a backlog. The deadline for applications is April 18.

Send Unsubmitted Sexual Assault Kits for Testing by NIJ-FBI Partnership

The National Institute of Justice (NIJ) and the Federal Bureau of Investigation (FBI) Laboratory have formed a partnership to test previously unsubmitted sexual assault kits from the nation's law

National Latent Print Examiner Training Academy

April 24, 2016 – September 23, 2016

RS&A now offers an intense 20 week training program designed to provide agencies with a Latent Print Examiner who is trained to competency. This academy, with 800 hours of formal training, will produce graduates that are capable of performing "supervised case work" and once time requirements are met, be ready to apply for IAI Latent Print Certification. It is scheduled to begin April 24, 2016 in Hattiesburg, MS at the Camp Shelby Joint Forces Training Center. Only 25 academy applicants will be selected to attend so apply today! The total cost for this program including academy tuition, 20 weeks room and board, and 3 meals per day is \$27,500.00. Click [here](#) for complete details, photos, and the admission application.

National Footwear & Tire Track Training Academy

Coming Fall 2016

RS&A now offers a Footwear and Tire Track Training Academy which includes 4 weeks of footwear examination training followed by 2 weeks of tire track examination training. Applicants can elect to complete

enforcement agencies and public forensic laboratories. This video discusses why the NIJ-FBI Sexual Assault Kit Partnership was created and how the partnership will shed light on the complexities of sexual assault cases, particularly cases where kits have not been submitted to a laboratory for testing.
