ASCLD'S MISSION

To promote the effectiveness of crime laboratory leaders throughout the world by:

- ***facilitating communication among members***
- ***sharing critical information***
- ***providing relevant training***
- ***promoting crime laboratory accreditation***
- ***encouraging scientific and managerial excellence in the global forensic community***

Executive Summary

The American Society of Crime Laboratory Directors (ASCLD) is a nonprofit professional society of crime laboratory directors and forensic science leaders dedicated to providing excellence in forensic science through leadership and innovation.

The purpose of the organization is to foster professional interests; assist the development of laboratory management principles and techniques; acquire, preserve and disseminate forensic based information; maintain and improve communications among crime laboratory directors; and to promote, encourage and maintain the highest standards of practice in the field.

The ASCLD Board of Directors (BOD) develops, reviews, and implements a comprehensive strategic plan annually providing actionable strategies for long-term benefits of the members and the forensic science profession.

The BOD accomplishes this by:

- ❖ Ensuring that the mission statement is current and relevant to the organization.
- ❖ Ensuring that the goals, objectives and action plans are developed to facilitate the accomplishment of the mission.
- ❖ Monitoring the work progress of sub-units that are tasked with development and completion of objectives and action plans.
- ❖ Ensuring that a continuous planning process is implemented, including:
 - ✓ Business planning
 - ✓ Organizational planning
 - ✓ Management surveys
 - ✓ Finances
 - ✓ Administrative office support

A strategic plan addresses the future direction of ASCLD and must be consistent with its mission statement.

2020-2021 ASCLD Strategic Plan

The ASCLD Strategic Plan is developed by the Board of Directors to ensure goals, objectives and actions facilitate the accomplishment of the mission.

The Strategic Plan is organized with mission-specific, long-term goals followed by strategic objectives and short-term action items. Each goal is described in a separate section of the overall plan and includes a list of deliverables to be achieved in the next year.
