

LEAP Sign-up Form

The Laboratory & Educators Alliance Program (LEAP) was created to facilitate partnerships and collaboration between Forensic Science Laboratories and University Educators/Researchers. This program is a joint partnership between the American Society of Crime Laboratory Directors (ASCLD) and the Council of Forensic Science Educators (COFSE). LEAP is coordinated through the ASCLD Forensic Research Committee and the COFSE Research Committee.

If your organization is interested in conducting or collaborating on a research, development, testing and evaluation (RDT&E) project, supporting a validation effort, partnering opportunities with a forensic science laboratory/university, or hosting an intern, please fill out this form. The information provided will be available online to help foster collaborations with forensic practitioners, educators/researchers, industry partners, and students. It is recommended, but not required, to use a non-personal email address because emails on public websites may receive more spam email.
