

STATE OF IDAHO
invites applications for the position of:

ISP Forensic Scientist 2 - Impression Evidence / Latent Print Discipline

SALARY: \$27.36 - \$39.15 Hourly
\$56,908.80 - \$81,432.00 Annually

DEPARTMENT: Idaho State Police

OPENING DATE: 02/01/21

CLOSING DATE: 03/01/21 11:59 PM

DESCRIPTION:

This announcement is being used to fill an Impression Evidence/Latent Print Unit Forensic Scientist 2 (FS2) position. The Forensic Scientist 2 (FS2) is an experienced scientist level position with ISP Forensic Services. An experienced scientist who meets the minimum qualifications and *qualifying work experience of the FS2 must successfully complete a qualifying examination and a six-month probationary period of 1,040 hours. Pay will be adjusted accordingly at the time the incumbent is certified as a FS2.

*Qualifying work experience for the Impression Evidence/Latent Print unit Forensic Scientist 2 includes two (2) years of:

- Working independently, planning, managing, and prioritizing caseloads or individual characteristic database samples (as applicable), successfully engaging in independent research, evaluation, and validation activities
- Performing and documenting a range of examinations regarding forensic evidence
- Providing training and consultation services to professional criminal justice and scientific audiences
- Testifying as an expert regarding the forensic examinations performed in the specified discipline

All Idaho State Police Forensic Laboratories are accredited to the ISO 17025 Standard. State police Forensic Laboratories serve state, local, and federal law enforcement agencies; state and county prosecutors; and public defenders.

You must attach your unofficial transcripts to this application by the closing date. Applications without the supporting transcripts will not be accepted.

PLEASE NOTE: The successful applicant will be required to complete a background investigation and polygraph examination, which includes drug screening. Please review the ISP Drug Policy and ISP Grooming and Appearance Standards.

EXAMPLE OF DUTIES:

Scientific Analyses

- All duties of the Forensic Scientist 1
- Conduct complex examinations of evidence and/or individual characteristic database samples
- May optionally respond to crime scenes, clandestine laboratories, and autopsies to provide assistance, knowledge and expertise; this may include assistance with recognizing, documenting, and collecting evidence/samples. If approved for crime scene or clandestine laboratory response must complete the specialized training program associated with approval to respond

Training

- Complete any required training on new techniques or instrumentation
- Train Forensic Scientists 1 in the utilization of analytical techniques and methods of scientific analyses utilized in the specific discipline
- Train police officers in collection and packaging of evidence
- Provide background information training for police officers, attorneys, and general public

Communication/courtroom testimony

- All duties of the Forensic Scientist 1
- Interpret findings for prosecutors and defense attorneys
- Prepare attorneys for presentation of expert's findings
- Testify as an expert witness in trials and other criminal hearings
- Qualified to offer opinions and answer hypothetical questions
- Train police officers in collection and packaging of evidence; provide background information training for police officers, attorneys, medical personnel and general public as assigned

Administrative Duties

- Respond to supervisors, technical leaders and headquarters staff for review and planning of programs, policies, manuals, and quality audits
- Provide statistical information
- Create goals, objectives, and employee development plan

Latent Prints/Impression Evidence

- Performs processing and comparison of latent prints on forensic samples
- Performs ABIS (Automated Biometric Identification Systems) searches and comparisons
ABIS is a regional and national database used to perform biometric searches and perform a one-to-many comparison of questioned samples to samples in a database to generate a candidate list for manual comparison
- Performs technical verification and technical review of the work of other latent print examiners
- Authors reports on latent print analyses
- Testifies in court about latent print processing and comparison work

MINIMUM QUALIFICATIONS:

A Forensic Scientist 2 must hold a baccalaureate, masters, or doctoral degree in a physical or biological science from an accredited U.S. or Canadian institution

- Acceptable institutions are those accredited by or those which have pertinent educational programs accredited by commissions or agencies recognized by the U.S. Office of Education
- The education of each employee shall be verified prior to being hired by Forensic Services
- A copy of the college transcript (including specific required coursework) and proof of graduation for all personnel with education requirements listed in the Minimum Qualification (MQ) Specialties section must be provided to ISPFS. Successful completion of a course means a college or university defined passing grade.
- Must have successfully completed a minimum of twelve (12) semester (or 18 quarter) units of college level studies in a relevant physical or biological science which may include biology, chemistry, biochemistry, and/or physics. A statistics course may be applied to meeting the minimum coursework hours (coursework hours as required/stipulated by the current ISPFS Quality Manual)
- Must have a minimum of two (2) years' experience performing forensic latent print processing and/or comparison casework
- Will be required to obtain Certified Latent Print Examiner certification by the International Association for Identification within three (3) years of being selected for or promoted to a

Experience:

- Two (2) years of qualifying work experience in the specified discipline. Qualifying work experience includes:
 - Working independently, planning, managing, and prioritizing caseloads or individual characteristic database samples (as applicable), successfully engaging in independent research, evaluation, and validation activities
 - Performing and documenting a range of examinations regarding forensic evidence
 - Providing training and consultation services to professional criminal justice and scientific audiences
 - Testifying as an expert regarding the forensic examinations performed in the specified discipline

SUPPLEMENTAL INFORMATION:

Desirable Qualifications which will Provide Extra Credit:

The following are not requirements for the Forensic Scientist 2 position. However, if you do have qualifications/experience in any of these areas include that information in your resume:

- Certification with the International Association for Identification as a Certified Tenprint examiner, Crime Scene Examiner or Certified Latent Print Examiner.
- Member of related professional forensic science organization(s).
- Experience using ABIS as an analyst or administrator.

ISP has a salary plan called Project CHOICE (Creating Hope, Opportunity, and Incentive for Career Employment) designed to provide incentives for recruitment and retention. The Project CHOICE plan distributes pay increases to employees for the attainment of certificates and other achievements relevant to their job class and the ISP mission. The purpose of Project CHOICE is to attract potential applicants to the ISP workforce, retain the workforce already in place, and reward employees who take on additional duties or tasks, and who work to better themselves in academic and professional settings.

Forensic scientists and lab management personnel earn CHOICE pay increases for a variety of discipline specific achievements related to skill acquisition. A few of these are listed below:

- Bachelor Degree - \$1.25/hour
- Master Degree - \$1.75/hour
- Doctorate - \$2.25/hour (only the highest college degree attained is awarded)
- Completion of Probation/Independent Casework- \$1.00/hour
- Proficiency Test in two Disciplines - \$.30/hour
- Clan Lab/Crime Scene - \$.45/hour
- Serve as an ISO 17025 or ISO 17020 Assessor - \$.30/hour
- Forensics Specialty Areas Certification: \$.50/hour for up to 2 areas of expertise
 - American Board of Criminalistics (ABC) Diplomate
 - ABC Fellow in a Specialty
 - International Association for Identification (IAI) Latent Fingerprint Analyst
 - Association of Firearm & Tool Mark Examiners (AFTE) Firearms Examiner or equivalent
 - American Board of Forensic Toxicology (ABFT) or equivalent
 - IAI Footwear Examiner
- Lab Safety Officer - \$.30/hour
- Deputy Quality Manager - \$.30/hour
- CODIS Administrator - \$.30/hour

Please make sure your resume and personal information contained in your profile supports your answers to the questions.
